Dear Friends:

Dakshana successfully completed its 15th full year of operations in 2021. Since inception in 2007, the IITs have accepted 3015 Dakshana Scholars (out of a universe of 4730) – a success rate of 64%. Not too shabby – considering that the IITs accept under 2% of all applicants. Since inception, over 4095 of our scholars have been accepted by the IITs, AIIMS and various medical colleges (out of a total universe of 6290), a success rate of 65%.

In aggregate, in 2022, out of 427 Dakshana scholars who were prepared for the IIT entrance test, 289 made it – a success rate of 68%. In addition, 34 scholars from the 2021 batch, who did not make it to IIT the first time, were accepted by the IITs on their 2nd attempt in 2022.

From the inception of medical coaching at Dakshana in 2016, out of a universe of 1560 medical stream scholars, 1080 have been accepted at various government medical colleges – a success rate of 69%. In 2022, out of a total of 382 Dakshana medical scholars, at least 215 were accepted by various government medical colleges – a success rate of 56%.

The eventual success rate of this batch will increase as some scholars go for the 2nd attempt in 2023. In addition, 25 scholars from the 2021 batch, who did not make it to government medical colleges for the first time, were accepted by government medical colleges on their 2nd attempt in 2021.

117 Dakshana medical scholars have been accepted by The All-India Institute of Medical Colleges (AIIMS) in their first attempt at NEET in 2022. AIIMS is the Harvard Medical School of India and accepts 2044 medical students annually (out of over 1.9 million applicants). AIIMS has accepted 222 of our scholars (out of a universe of 1560) since we started medical coaching in 2016. This represents a success rate of over 14% versus a 0.1% national admit rate. The number of our scholars who have been accepted by AIIMS has frankly surprised me. It has vastly exceeded my expectations.

Covid Blues

While our IIT and medical college acceptance rates in 2022 were below our usual expectations, given all the Covid lockdowns realities, they were more than acceptable.

For the 2-year coaching program that we run at the various JNVs, the kids are usually with us for about 22 months. The 2020-22 batches were with us for just 10 months at the JNV Bengaluru Urban campus (IIT Coaching), 8 months at the JNV Hyderabad campus (IIT Coaching) and only 6½ months at JNV Pune (medical). For the one-year program at Dakshana Valley we normally have the kids with us for 11 months. For the 2021-22 academic year we had them, on average, for about 7.5 months. The results reflect these realities. At Pune, where 22 months was truncated down to just 6½ months, the success rate was just 35%.

Not only were the available coaching days severely reduced at all the JNV campuses, but aggregate scholar numbers were also cut by at least 50% due to mandatory social distancing mandates. At JNV Pune, we were able to coach just 17 scholars (versus the 60 we selected).

Covid has cast a long shadow and its negative effects will be with us till 2024 even if there are no further lockdowns. For the 2022-23 academic year, at Dakshana Valley the scholars will get just 9 months of coaching versus the standard 11 months. At the JNV campuses, both the 2021-23 and 2022-24 batches will not be getting the full 22 months of coaching due to the time we have already lost.

Dakshana has been improving its coaching methodologies and our faculty is more experienced now. We believe our results will be truly spectacular once all the Covid related overhangs are behind us. Congrats to the scholars, the faculty and Team Dakshana for working very hard to make this happen.

Dakshana Valley Scale-up

While Dakshana's selection and coaching approach is fantastic, the team has struggled to cast a wider net to get more scholars from the real underbelly of India – the myriad of dilapidated government school systems across India. We have done an excellent job of properly harnessing the incredible talent from the elite magnet JNV school system. And we have made some decent inroads to get scholars from mainstream government schools in a few states. But there is a lot of work that remains to be done to find more diamonds in the rough from most of the country.

The situation is fine with Dakshana Valley's current capacity of 600 scholars. It will get challenging when we raise the capacity to 1100. The capex to add 500 beds is non-trivial at $10 million. The cost to add more school systems that we can draw from is a rounding error compared to the $10 million. It requires a lot of effort (and almost no capex) to get these school systems to bring their top students into our

selection process annually. I have made it very clear to Arun that expanding the base of government school systems we draw from needs to be a high priority and given sufficient resources.

We are thus deferring ground-breaking for the next phase of construction at Dakshana Valley till we have the 2023 results and possibly the 2024 results. I would like to see clear evidence that we'll have no trouble filling 1100 beds and maintaining a 70-80% acceptance rate at the various IITs and government medical colleges.

2021 Financial Overview

Table 1. Financial Overview

2021 Dakshana Financial Overview
(in thousands of US$)

Cash and Marketable Securities on 12/31/20:	$	19,873
Scholar Expenses:	$	(1,186)
Overhead Expenses:	$	(542)
Construction Expenses:	$	(523)
Contributions by Donors:	$	2,781
Donated Corporate Services:	$	4
Net Investment/Forex Gain (Loss)	$	(3,172)
Cash and Marketable Securities on 12/31/21:	$	17,235

Dakshana is in very good financial shape. We ended 2021 with over $17 million in liquid assets with virtually no liabilities or payables. In addition, we own the 109-acre Dakshana Valley campus free and clear. The cost basis of Dakshana Valley and all improvements is over $14 million.

In 2021 our outflows were $2.3 million, and our donor inflows were $2.8 million. At our present size, our inflows are approximately matching our outflows.

While we may appear to be drowning in dollars, the reality is not quite so rosy. We have over $30 million of capex ahead of us as we scale Dakshana Valley's capacity from 600 to 2600 beds.

Additionally, after Dakshana Valley's capacity rises to 1100, our recurring expenses will rise by at least $1.3 million/year as we take on 500 more scholars annually. Thus, by 2027, depending on inflows, naming rights granted, and investment results, our liquidity may be far lower. We need your continued support!

Direct Scholar Expenses

In 2021, we spent $2.3 million on the Dakshana Scholar Program, related corporate overhead and construction. Of this amount, $1.2 million was spent directly on the Dakshana scholar coaching program. Let's examine the scholar expenses in a bit of detail.

During 2021, we delivered the equivalent of 1041 scholar years of JEE & NEET coaching. Of this number, 455 scholar years were for the 1-year program and 586 scholar years for the 2-year program.

Table 2. Dakshana Scholar Cost Data

Year	Cost/Scholar	Scholar Years
2007	$3,650	176
2008	$3,086	524
2009	$2,100	356
2010	$1,922	270
2011	$2,475	219
2012	$2,553	398
2013	$2,450	576
2014	$2,053	689
2015	$2,516	676
2016	$2,171	761
2017	$2,283	1045
2018	$1,889	1116
2019	$1,558	1223
2020	$1,509	1075
2021	$1,533	1041

The average cost to support a scholar across Dakshana's various programs in 2021 was $1,533. It is the 2nd lowest in our 15-year history and inclusive of significant inflation in India over the years. When we began our journey in 2007, we outsourced all the coaching. In addition, we had just 40 scholars at a single location. Whether we have 40 scholars or 300 scholars at a location, we still need to assign 3-5 faculty members for the different subjects.

In the last few years, we eliminated all the sub-scale locations like Silvassa and have gained tremendous economies of scale at Dakshana Valley with 600 scholars at one location. The Charles T. Munger Hall at JNV Bengaluru is designed to accommodate 360 scholars, but due to dorm space limitations, we typically coach 240 scholars at Bengaluru. Not ideal. But it still gives us decent economics.

We have also insourced all the faculty with most of them now being our alums. We hire trainee faculty every year who serve as teaching assistants till they are ready for prime time. Dakshana Valley's size and scale allow us to develop faculty members in Pune and then assign them to one of our campuses as needed. Insourcing the faculty has reduced our coaching costs dramatically.

Corporate Overhead Expenses & Fully Loaded Cost/Scholar

Our corporate overhead in 2021 of $0.5 million made up about 1/4th of our outlays. This is lower than in previous years because I changed the formula to include construction costs in the denominator. This is more accurate as construction takes up significant management resources.

We have had difficulty segmenting accurately between scholar expenses and overhead expenses. For example, most of the management team at Dakshana Valley spends much of their time on faculty and scholar related issues, but they are 100% categorized as overhead. Because of the direct nature of our programs, it may be more useful to look at the bundled cost/scholar in the future. Our overhead/scholar was $517, and the bundled direct scholar cost, overhead, and construction were $2,551.

The Cost to Produce an IITian or Medical Doctor

While the direct and overhead costs to support a scholar matter, it is the cost to produce an IITian and/or a doctor that is the real benchmark. It is the report card on how effective our spending and give-back endeavors truly are.

It used to cost Dakshana over $11,500 to get one scholar to IIT. This has improved dramatically over the years – it was $4114 in 2021. The 62% success ratio and loaded cost/scholar for 2021 will improve further after we get the 2nd attempt data for these students next year. As mentioned earlier, but for Covid lockdowns, our success rate would have been a lot higher and these numbers even lower. Even with all the Covid headwinds, the cost to get a scholar to IIT or med school is the 4th lowest in our 15-year history

Table 3. Dakshana Scholar Cost Data

The Pabrai Family Giving Plan

One of the best decisions I have made with Dakshana is to embrace formula-based giving from the outset. Like almost everything else of consequence in my life, the formula was cloned. In 2006, Warren Buffett committed to annually giving away 5% of his Berkshire Hathaway shares to the Gates Foundation and the various foundations run by his kids.

For example, if he started with 400,000 shares of Berkshire, he would be giving away 20,000 shares the first year, 19,000 the second year, 18,050 shares the third year and so on. Because Berkshire is highly likely to increase its intrinsic value by more than 5% a year, not only would his giving increase over time, so would his net worth. *It is brilliant!* Warren could live to be 120 and still have shares to give away.

Table 4. Pabrai Family – Giving Formula vs. Actual Giving

	Expected To Give	Actual Giving	Difference
2006	$ 1,067,983	$ 577,420	$ (490,563)
2007	$ 1,302,924	$ 3,355,350	$ 2,052,426
2008	$ -	$ 106,491	$ 106,491

	Excess Given:	$ 3,126,687	

Channeling Buffett, we decided that when our net worth exceeded $50 million, my family would give 2% of our net worth to Dakshana every year. We later tweaked the formula to increase the giving to 3% over $100 million, 4% over $150 million and 5% over $200 million. The 2-5% giving formula coupled with our exceptional donor base and prudent investing has allowed Dakshana to scale up while building a robust corpus. In the last 15 years my family has given away more than $27 million and it felt like a non-event. Dakshana received significant sums and we never missed the money.

Letter from Warren Buffett

Dakshana's annual reports have never included a picture or other document. It seemed appropriate to make an exception to share a letter from Warren Buffett. To say that I was floored upon reading it would be an understatement.

Please do not believe everything Mr. Buffett says. His annual reports are the gold standard. If he likes the Dakshana annual reports, it is only because I cloned so many aspects of the Berkshire Hathaway annual reports.

If there wasn't a Warren Buffett, there would never have been a Pabrai Funds or Dakshana. His influence on me and Dakshana is hard to overstate. I did not grow up in India with a strong ethos of philanthropy or giving. That was instilled in me by Mr. Buffett's writings and discourses. His principles have been Dakshana's true north.

Mr. Buffett is a great leader. The letter serves as tremendous motivation for all of us at Dakshana to stay true to the principles we learnt from Warren as we try to have greater impact in the years ahead.

Dakshana's Wonderful Family of Donors

We received $2.8 million in donations from our generous donors. It is wonderful to have three anchor donors in Prem Watsa, the Damani Foundation and Avenue Supermarts Ltd (DMart). We are lucky to have them in our corner. They collectively gave us nearly $2 million. Every dollar matters and we are very grateful to our wonderful group of patrons.

I am pleased to report that these gifted funds were used to buy books, scholar nutrition, create/improve classroom and dorm infrastructure and pay for coaching faculty for our scholars. I am grateful to our patrons for their generosity and wisdom.

March 23, 2022

Mr. Mohnish Pabrai
Pabrai Investment Funds
Suite 1-520
1250 S. Capital of Texas Highway

Dear Mohnish:

I remain incredibly impressed by what you have done, are doing, and will do at Dakshana. It is simply terrific – far more impressive than what business titans, investment gurus and famous politicians ever accomplish. I'm glad my annual report doesn't get compared to the Dakshana annual report.

It's an honor even to be quoted in it.

With admiration,

Warren E. Buffett

And now, it's time for a short commercial break. You can make a gift to Dakshana here: https://dakshana.org/donate/. We accept all major credit cards, Paypal and Bitcoin. You can also send us a check (in US dollars, Canadian dollars or Indian rupees). And your gift is fully tax deductible. We can also set up automatic recurring monthly charges to your credit card. $99 or C$130 a month for 24 months fully supports one scholar. You can even pick the scholar you'd like to support and we can arrange for interactions and meetings.

Many employers sponsor matching gift programs that will match your charitable donations, including those made to Dakshana. Quite a few of our existing donors have taken advantage of these generous policies, including those at Google, Microsoft, Abbott Labs, EClinicalWorks, Genentech, ServiceNow, Intel, etc. To find out if your company sponsors a matching gift program, please check out this link: Employer Matching Programs.

Let's not forget all the goodies Dakshana offers for your generosity – naming rights, Charlie Munger busts and wallets with stock tips!

Naming Rights

Dakshana would love to name a building or two after your parents or hero. You get to honor their memory and help a great cause. We have already given the naming rights to eleven structures. They are going fast. The deal is simple. Paying half the construction cost gets you the naming rights for the structure/road/lake of your choice. This won't be the case in a few years. Channeling MLK, now is the time to honor your mom or dad. Now is the time! Just drop me a note at mpabrai@dakshana.org. Let's make a deal!

Donate your Beater Car. We'll even pick it up!

Through our partnership with CARS (careasy.org/nonprofit/dakshana-foundation) Dakshana can accept donations of cars, boats, RVs, and other property donations anywhere in the United States. It is simple. You get a tax deduction. CARS picks up the vehicle (even if it does not start!). Please call CARS at +1.855.500-RIDE or +1.855.500-7433, or us at +1.512.999.7110, or email Kimberly Engleman (ke@dakshana.org) for more information.

The donated item will be picked up from a location of your choice at a time of your choosing at no cost to you. You will receive the maximum legal tax deductions and possibly a partial cash payment. This is a great way to get rid of that beater car and help a great cause!

Ebay Lunch Auction

Table 6. Ebay Lunch Results – 2010 to Present

2011	$ 20,300	$ 65,100	Narendra Mulani, Ray Faltinsky & Friends
2010	$ 10,000	$ 26,000	Ray Faltinsky
Total	$ 323,100	$ 521,600	

In the true spirit of market-driven auctions, the bidding started at $0.01, with no minimum. The winner of the 2021 lunch auction was Adam Mansuri from Austin. I met Adam and his wonderful wife Lindsey for lunch at Perry's Steakhouse in downtown Austin. It went so well that we've met a few more times since then. Adam got my not-so-old wallet as well. It is rumored that there was a stock tip in there (with no reps and warranties!).

Zoom Video Call Auction

The difficulty with the lunch auction is that meals can only take place in limited geographies. Thus, a few years back we started auctioning off an annual conference call with me with all proceeds going to Dakshana. The Zoom call format allows anyone from anywhere on the planet to bid and participate.

Table 7. Ebay Zoom/Conference Call Results – 2013 to Present

Year	Winning Bid	Actual Proceeds	Winner
2021	$ 43,400	$ 85,900	Guruprasad Mysore & Joshua Thompson
2020	$ 7,600	$ 7,600	Killian Koenig
2019	$ 2,850	$ 3,000	David Loggia
2018	$ 12,100	$ 12,500	Ray Faltinsky & Team San Diego
2017	$ 3,500	$ 3,500	Cesar Hernandez
2016	$ 9,100	$ 14,100	Anonymous
2015	$ 35,100	$ 57,000	Ray Faltinsky & Team San Diego
2014	$ 12,800	$ 15,000	Anonymous
2013	$ 50,000	$ 86,250	Ray Faltinsky & Team San Diego
Total	$ 176,450	$ 284,850	

This auction is designed to level the geographic playing field. Anyone can bid on Ebay. The Zoom video call, which will be arranged at a mutually agreeable time, can have up to seven participants. I will give a stock tip on the call (with no reps or warranties!) and will answer any questions related to that stock tip (or anything else the participants would like to discuss). The only topic off limits is discussions on any current portfolio holdings.

I had fun calls with Guruprasad and Josh Thompson and even bumped into Josh in Omaha later.

Munger Bust Auction

As you have probably correctly concluded, I am an auction junkie and, over the years, off and on, we have auctioned off a few Charlie Munger busts on Ebay. In 2020 we made it an annual event – that will last while we have Charlie Munger busts to auction off. The busts were made by a gifted bust maker in Rajasthan, India. He has made a few Munger busts for us over the years but has now retired. One of these rare Charlie busts is installed at Berkshire Hathaway headquarters in Omaha and Warren loves it.

The terms are the same as all our other auctions. Bidding starts at $0.01 and there is no reserve price. In addition, free global shipping (usually by Fedex) is included. In 2020 the winner was Chris Davis. Yes, that Chris Davis who recently replaced Bill Gates on the Berkshire board. In 2021, the bust auction was won by Mostafa "Mo" Hussein. Mo lives in Ohio and among his pursuits is the popular podcast *Everything Money*.

The Dakshana Endowment

In 2013, at the suggestion of Advisory Board member Ruyintan "Ron" Mehta, we started the Dakshana Endowment. Since then, Dakshana's donors have had a choice. They can designate their contributions to be used immediately on our Dakshana Scholar program or it can go into the endowment. Only funds explicitly specified for the endowment go in there. Funds in the endowment are invested in a highly concentrated manner and managed by yours truly. And at the end of every year, 5% of the endowment's value is spent towards the Dakshana Scholar program in the following year.

Ron seeded the endowment with a generous $50,000 contribution. The cost to support one scholar in 2013 was $2500 and Ron figured that, right off the bat, the endowment would be able to fully support at least one new scholar completely every year. Ron will be happy to note that after just five short years the annual giving from the endowment has typically exceeded his initial seed contribution!

We also directed all the proceeds from the various auctions to the endowment. The good news is that the endowment is off to a robust start and is already able to support around 46 scholars a year *into perpetuity*.

Dakshana's Corporate Social Responsibility (CSR) Initiative

The Dakshana Valley campus is in Kadus Village in Pune district. It has always been Dakshana's goal to be a good neighbor and a force for positive change in the

communities in which we operate. Several villagers are employed at Dakshana Valley and this has provided a small economic boost to the village.
Towards this end, in 2019, Dakshana deployed a teacher in the Kadus village school fully paid by Dakshana. Every year we identify six promising 5th grade students to be intensely prepared for the JNV Selection Test (JNVST) to possibly get admitted to JNV Pune. Typically, more than 14,000 5th graders take the JNVST in Pune district, trying to get one of 80 highly coveted seats. The success ratio is around 0.6%. The JNVs do not just take 80 kids from a given district. Each district is made up of blocks and Kadus Village falls in Khed Block. Based on population, only 4-5 students from Khed can get a seat each year at JNV Pune. Historically no students from Kadus Village have ever been accepted by JNV Pune. In 2020, during our first year of JNVST prep at the Kadus Village school, two students were accepted by JNV Pune. And we repeated the same in 2021. In 2022, four Kadus village students we prepped were accepted by JNV Pune.

Dakshana has many ex-military officers and soldiers on our team. They have requested me to do more for military families. Over the years we've had a few ad hoc initiatives for kids from military families. In 2021 we began prepping the Kadus village kids for the Sainik school entrance test. There are 33 Sainik boarding schools across India run by the armed services to groom kids to be officers and soldiers in India's armed services. This year two kids from Kadus village were also accepted for admission to Sainik school. In 12th grade these kids will try to get admitted into the National Defense Academy, which is the West Point of India.

It is exciting to see Dakshana having such a direct positive impact on the kids from Kadus village. Dakshana would not have had even 20% of the success we have enjoyed were it not for the incredibly talented ex-military managers who have been running Dakshana since 2009.

Better Lucky than Good

Dakshana has exceeded every expectation I ever had for it. I am a guy who hangs out in Austin, Texas and works in shorts daily. I fully expected to get our head handed to us and be taken for a ride for the first ten years. I was okay with that. Just part of the tuition bill for understanding how to run an effective charity in India.

We ended up with great people showing up to work on the cause. Yes, a few folks did take us for a ride. And I did have to fire a few managers in the early years, but we got traction almost immediately and still haven't paid much of a tuition bill.

When the rockstar CEO Colonel Ram Sharma came on board in 2009, everything changed. We were just extremely lucky to end up with a leader with his prowess for a solid decade. Commander Arun Mishra and much of the rest of the team were recruited and groomed by Colonel Sharma. I shudder to think of all the challenges Dakshana would have had if Colonel Sharma wasn't running the place. I'll take as many of these lucky breaks as I can get.

Warmly,
